

Show them you care.

WATER-SMART

You can't taste or see lead in water, but it can cause serious damage to a child's development.

That's why we're offering free testing and technical assistance to all eligible schools and childcare facilities in the state.

Sign up by visiting mass.gov/assistance-program-for-lead-in-school-drinking-water or calling (413)545-0840.

Become a certified
WATER SMART facility.
Your community will
thank you for it.
